

APOLLO PRO XL

COMMERCIAL FLUIDROWER

The FDF Apollo Pro XL FluidRower is a performance heavyweight in the commercial rowing market, being visually unique and captivating in its aesthetic design. The highest quality, ethically sourced American Ash wood wraps around a robust sculpted steel frame ensuring product integrity as well as luxurious style.

Defined by its huge Fluid Resistance range provided by our patented Twin Tank [XL] system, this commercial rower will excel under extreme power - bringing a resistance challenge to even the fittest individual.

Bringing 50% greater Fluid Resistance from our patented XL tank, with 10 distinct levels of adjustment, the Apollo Pro XL delivers a true to life stroke with the sensory satisfaction of rowing on water. The range of adjustability from “feather light to Olympic challenge” redefines the opportunities for a work out on a rowing machine.

For such an over performer, this machine boasts a compact footprint and can be stored on end with ease. It's also compatible with FDF's optional Seat Back Kit for extra lumbar support, and the Elevate Kit for easier on-off access.

ABOUT FDF (FIRST DEGREE FITNESS)

FDF is the leader in designing and manufacturing a range of adjustable Fluid Resistance fitness machines for commercial and residential applications. At the heart of the fitness range is our unique and patented Twin Tank Fluid Resistance system. The adjustable Fluid Resistance system challenged the conventional thinking of how water could work to provide adjustable resistance rather than just a liquid mass flywheel. The patented Twin Tank system provides silky smooth resistance at any speed and is perfect for cardio training, warm-ups, cool downs, intense HIIT workouts or rehabilitation programs. FDF categorizes the range of adjustable Fluid Resistance machines under the banners, **FluidRower**, **FluidExercise** and **FluidPowerZone**, see the adjacent web links. FDF products are distributed throughout the globe and are popular in Fitness Centers, Hotels and Apartments, Sporting Clubs, Universities, First Responders, Defence Force Training Facilities and Physical Rehabilitation Clinics.
